EXPERIENCE

Tank Design / Cambridge, MA

Developer	January 2013 - August 2015
Senior Developer	September 2015 - Present

+ Act as technical lead on projects ranging from fully custom WordPress and Drupal builds, front-end buildkits and third-party API integrations, Angular web applications, and more.
+ Work directly with clients in a wide variety of fields to understand their strategic objectives and to manage project expectations.
+ Collaborate with designers and other team members to build out a comprehensive brand strategy that encompasses the client's needs through design, UX, and development.
+ Build functional prototypes using modern HTML, CSS, and Javascript for usability testing of new applications.

Second Nature / Boston, MA

Digital and Creative Developer   September 2012 - April 2013

+ Working with the Second Nature team, designed and developed a completely redesigned and re-imagined company website using Drupal 7.
+ Responsible for all front and back-end development, including customizing Drupal modules, engineering the user experience, and utilizing HTML5 and CSS to make a modern, exceptionally functional site.

Communications Intern   January - December 2011

+ Assisted with all communications media in the office.
+ Led a team tasked with reorganizing and redesigning the resources section of a company site maintained by Drupal for improved user interaction.
+ Designed, developed, and maintained a website using HTML, CSS, and jQuery to promote and inform about an annual summit.
+ Created the official company video, introducing and promoting the goals and purposes of the organization.

The Boston Globe / Boston, MA

Web Developer   January - June 2012

+ Debug and perform maintenance tasks on two of the largest regional websites in the country (Boston.com and BostonGlobe.com).
+ Assisted in the migration process for Boston.com from the Bonzai CMS to the Methode CMS by adapting code for the Methode language.
+ Working both individually and with other developers and designers, add functionalities and elements to the aforementioned sites, including a live scoreboard and boxscores.
